Rice Terrace Views & Unique Spring Water 1 Day Tour

Tour Itinerary (08:30 ~ 17:00)

The very unique and magnificent rice terrace view here was chosen as one of the “**Top 100 great Japanese rice terrace views**”. In the village, you'll experience how to make **traditional Tofu** and country food for your own lunch in a private Japanese house with a smiling, friendly "**OBAACHAN**" (elderly lady) who lives in the village. In the afternoon, we'll go to the **SHIN-ASAHI HARIE** district and cruise in a small boat along the shore of Lake Biwa and then upstream following a small river. The captain of the boat is a **local fisherman** on Lake Biwa. He will explain in detail about the local environment and ecosystem. Pure clean spring water comes out in the area after taking more than 100 years to filter through the nearby mountains. Local residents really care for the precious water resource and you will be able to see how they use it in their daily life.
